Our December 10, 2026 meeting is themed: There's No Place Like Home for the Holidays - Home Waters.

A panel of four experienced AATU members will give short presentations on fishing their favorite Michigan water. Their mission: In 15 minutes, be as specific as possible: Where, when, how, tackle, and on water strategies.

We're looking for a presenter for Upper Peninsula waters, and another for either Pigeon River Country or other northern waters.
